

If you have been diagnosed with a critical illness or life-threatening medical condition, WorldCare is here to help. Our medical second opinion service is available free as part of your insurance or benefit plan.

Simply contact WorldCare and your care team will be assembled and will handle all aspects of your case.

The team will collect and review your medical records in order to provide the best suited WorldCare Consortium specialist team with a complete medical picture of your condition.

This specialty team reviews your medical records and provides an in-depth medical e-consultation back to your WorldCare team. Your WorldCare team reviews, supplements, and walks you through it.

If you or your physician have any follow-up questions, they will be submitted to the specialists who reviewed your case.
